16-button WHITE CHAMOIS SKIN GLOVES, mousquetaire effect, Paris point back. Sold generally for \$2. Our price, \$1.39.

BRAXTON TO HELP MAJOR ANDERSON

Governor Authorizes His Employment to Fight In Rate Cases.

ASK LEGISLATURE TO PAY

No Doubt Felt That General Assembly Will Make Proper Appropriation.

As the result of conferences between Governor Swanson, members of the Corporation Commission and Attorney-General Anderson, Hon. A. C. Braxton will be engaged to assist the latter in defending the findings of the commission in the passenger rate cases before Judge J. C. Pritchard, at Asheville, N. C., on June 27th. Although the Governor is not authorized to direct that the brilliant attorney be paid for his services until the commission in the passenger rate cases before Judge J. C. Pritchard, at Asheville, N. C., on June 27th. Although the Governor is not authorized to direct that the brilliant attorney be paid for his services until the commission in the passenger rate cases before Judge J. C. Pritchard, at Asheville, N. C., on June 27th. Although the Governor is not authorized to direct that the brilliant attorney be paid for his services until the commission in the passenger rate cases before Judge J. C. Pritchard, at Asheville, N. C., on June 27th.

Battle of Giants. The Virginia and North Carolina authorities have taken this view of the matter at any rate, and when the cases are called there will be present for the opposing sides some of the strongest lawyers to be found in the South.

The Virginia case will be called on June 27th, but the Attorney-General and Mr. Braxton will probably go to Asheville several days prior to that time, in order to make some preliminary arrangements for the conduct of the case from the standpoint of the State. In the long-drawn-out passenger rate inquiry before the Virginia commission, Mr. Braxton appeared at the instance of the Virginia Protective Association, and only in the case of the Southern Railway, but Major Anderson left most of the examination to him, as the Attorney-General was busy nearly all the while, trying important cases for the day before other tribunals. It is therefore considered by the commission and by the Attorney-General, the Governor, as eminently proper that the State should engage Mr. Braxton to help fight the battle through the Federal courts.

Revival at Cochrane. Rev. George H. Wiley came in on the Seaboard Air Line train last night from Cochrane, in Brunswick county, where he has been holding revival meetings for some time. Mr. Wiley returns to Richmond to attend to business for the "Peoples' Aid Society," and will return Thursday morning to the meeting in Brunswick, which has been adjourned.

IN IT TEN YEARS
An Unconscious Slave to Coffee.

"I had not the slightest idea that coffee was the cause of my continued sickness for the last ten years, until I quit its use and took up Postum. I never had a natural movement of the bowels during a number of years, because of chronic constipation, and I was continually taking medicine."

"Very frequently, just after breakfast a dizziness would come on, which would force me to lie down and remain absolutely quiet until relief came. I was also the victim of severe headaches, and miserable all the time. Finally, it occurred to me that coffee was the real cause of my trouble."

"I therefore procured a package of Postum Food Coffee and began its use in place of coffee. At first I did not like it, but I soon discovered that I had not made it properly. When it is boiled long enough it has a delicious Java coffee taste, a beautiful deep rich brown color, and altogether it makes a charming beverage."

"I soon grew very fond of it; in fact, I liked it better than I did the old coffee. My health improved, and this gradually increased. The bowels resumed their natural functions, and the old dizzy feeling disappeared entirely; also the headaches."

"This happy change in health fixed my mind permanently and forever; never, under any circumstances, to go back to a drug that had held me a slave for ten long years. A curious thing about all this is that people do not realize the cause of their troubles. They go on, year after year, just as I had, in drinking themselves into a condition of sickness, and they don't seem to understand what it is that causes the trouble. If such people would leave off coffee and use Postum Food Coffee, the trial would tell its own tale."

"There's a reason."

Suit Dismissed.

The suit of Miss Syrele against City Sergeant James C. Smith for \$1,000, in the City Circuit Court, was dismissed yesterday by Judge Scott. Recovery in the case was barred by the statute of limitations. The suit was for alleged debt, and the plea of the statute of limitations was sustained.

Services for Veterans. The local corps of the Salvation Army will hold special meetings on the night of June 3d in commemoration of the Confederate Reunion. The open-air meeting will be held at the corner of Seventh and Broad Streets at 7:30, followed by a meeting in the army hall, 30, 32 E. Broad Street, at 8 o'clock.

CLEMENTS CALLED BEFORE BOARD. Superintendent of the City of Richmond, James E. Clements, was called before the Board of Education, after electing a member of the Library Board, took up two other important matters, and disposing of them, adjourned to meet again this morning.

Superintendent Charged With Not Sending in Reports—Barksdale Elected. In a session which lasted until nearly 12 o'clock last night, the State Board of Education, after electing a member of the Library Board, took up two other important matters, and disposing of them, adjourned to meet again this morning.

An interesting proceeding was the issuing of an order against Superintendent of the City of Richmond, James E. Clements, calling upon him to show why he should not be removed from office, for failing to send in his reports to the department as required by law.

The board received the resignation of Colonel Thomas E. Barksdale, deputy superintendent of Halifax, one of the oldest and most prominent public school men in the State, and retired now because of advanced age and failing health.

Mr. William H. Barksdale, a prominent and efficient educator, who is well known and popular in the county, was chosen to succeed his namesake and kinsman. Mr. Barksdale is a man in the prime of life. He is a son of Beverly Barksdale, Esq., of Brooklyn, N. Y., a distinguished graduate of the Virginia Military Institute, and president of the Teachers' Association for his county. Mr. Barksdale was strongly endorsed, and it is understood his appointment will meet with the approval of the people of Halifax.

BANK CASE WILL COME UP TO-DAY

Argument on the Bill for a Receiver and Injunction by Federal Court.

The hearing of the application for a receiver for the Southern Interstate Bank, of this city, before Judge J. C. Pritchard, in the United States Circuit Court, at Asheville, N. C., expected to be had yesterday, was postponed until to-day to await the arrival of counsel for the defendants in the suit.

Attorneys John Garland Pollard and Hill Montague left this city on Monday night, but did not arrive in time for the hearing of the application. The argument will probably consume almost the entire day of the court. Attorney John A. Lamb, representing Sharpley and others, stockholders of the defendant bank, has presented the bill for a receiver and an injunction, and will argue it.

Mutual May Enlarge. The matter of enlargement of the Mutual Assurance Society's new building at Ninth and Main Streets by the construction of one to three additional stories is being agitated, but as yet no definite step in that direction has been taken.

The Business Men's Club of this city is anxious to see the enlargement made in order that it may occupy a sum of its quarters.

Several propositions of large magnitude, involving people of all denominations and classes, are said that in twenty years' experience he had never known better results for the opportunities, nor such manifestations of interest and power among the people.

URGES CITIZENS TO KEEP STREETS CLEAN

Superintendent Cohn Asks General Co-operation for Next Week or More.

Citizens and householders generally are especially requested by the Street Cleaning Committee to place receptacles containing ashes or refuse in the day cleaning up, as no collection will be made by the carts on that day, and it is desirable to have the streets look as clean and attractive as possible.

The streets are now in fine condition, owing to the effective work of Superintendent Cohn and his corps of street cleaners. Yesterday the superintendent and a large portion of his force were out on the streets in the western section of the city. The work is noticeable, especially at this time, as the streets are as clean as possible by the sweeping of the regular and during that time.

In the laudable effort to have the city impress its visitors favorably the department is asking the co-operation of all the citizens to the end that the city may be as clean as possible.

NEWS GATHERED FROM SOUTHSIDE

S. J. Jones Elected Superintendent of Almshouse and Cemetery.

ALLEN IS MISSING AGAIN

Attorney Wells Ignorant of His Whereabouts—Court Now in Search of Him.

Manchester Bureau, Times-Dispatch, No. 1102 Hull Street.

With six indictments against him, William Allen, former superintendent of the City Almshouse and the City Cemetery, is again missing, and his successor was elected last night in the person of S. J. Jones.

The joint session of the Council was most harmonious. There were fourteenth candidates for the position of superintendent of the cemetery, and Mr. Jones was elected on the fourth ballot.

The candidates were J. M. Reynolds, A. J. Gallagher, W. T. Hart, H. P. Martin, H. A. Lawson, George F. Hall, F. N. C. DuVal, N. H. DuVal, George B. Ely, S. J. Jones, J. H. White, R. E. L. Mullen and A. H. Hays.

On the first ballot Reynolds received one vote; Lawson, one; W. T. Hart, five; S. J. Jones, seven; F. N. C. DuVal, ten; and George Ely, one. On the second ballot, DuVal received seven; Hart, four; Jones, nine. On the third ballot the vote was Jones, ten; DuVal, eight; Ely, one; and Hays, one. On the last ballot, upon which Mr. Jones was elected, the vote was: Jones, eleven; DuVal, seven, and Hart, two.

Mr. Jones resides at No. 203 East Thirteenth Street and is employed as the Southern Railway shops as a sheet metal worker. He is a married man, and will take up his duties this morning.

When the matter of election of a superintendent of the Almshouse came up, two applicants were named, both ladies—Mrs. B. Matthews and Mrs. Fannie Dowdy. Mr. Bradley and others spoke for these ladies, but the committee was unanimously elected superintendent of the Almshouse also.

Resignations Accepted. The resignations of Mr. William Allen as superintendent of the cemetery and almshouse, were both accepted. Following this the majority and minority reports were both read and laid upon the table. The majority report has already been printed, and the minority report is as follows:

Manchester, May 28, 1907. To the President and Members of the City of Richmond, Va.: Gentlemen, I have the honor, forming a minority of the Committee on Poor and Almshouse, beg respectfully to report that while they, one and all, concurred with the majority in the said committee in suspending William M. Allen, superintendent of the Almshouse, from duty, for not coming in the grounds reported by the majority for its action.

While the minority were, and are, of the opinion that more than plain bad management, and gross neglect of official duty, justifying his removal, and for this reason voted with the majority in suspending him from office, they do not think that the said William M. Allen has been guilty of any crime, and therefore do not think that the evidence taken before the committee justifies any such conclusion.

They beg to call attention to those portions of the report of the majority from which they differ, and to state their own views of the evidence in reference thereto.

First—The case of James Rogers. From the evidence of this inmate of the almshouse himself it appears that he was not at the almshouse for the whole period reported by the majority, but that he went to the farm of his wife, and was back and forth between that place and the almshouse frequently.

Second—The case of Stephen Henderson. The minority cannot agree that the evidence shows that this inmate left the almshouse finally November 1st, as the majority report states. On the contrary, it shows that she was there until January 1st.

Third—The case of Topsy Jones. The evidence shows that this man was back and forth between the almshouse, the farm and the house of the superintendent; that he did no work at the farm, and was not able to do any.

Fourth—Case of Jack Mayo. The evidence shows that he is similar as that as to Topsy Jones; that he was back and forth between the three places mentioned, that he was not able to work, and that he had been an inmate of the almshouse six years.

Fifth—The minority are of the opinion that the evidence does not support the charge of the majority.

Headquarters R. E. Lee Camp, No. 1, C. V., Richmond, Va., May 29, 1907. General Orders No. 27. I, Commanding, you are hereby ordered to assemble at Lee Camp Hall on Thursday, May 30th, at 1 o'clock P. M. promptly, for parade and drill.

All Comrades who have uniforms will please wear them. II, Commanding, you are hereby ordered to assemble at Lee Camp Hall on Thursday, May 30th, at 1 o'clock P. M. promptly, for parade and drill.

By order of COMMANDING OFFICER, W. B. FREEMAN, Adjutant.

Sixth-Fence. The minority had in regard to the fence that the almshouse had authorized the superintendent to build a certain fence, the cost not to exceed \$100. The fence was built by the almshouse, and the superintendent's two boys doing the work with the exception of the gate built by the superintendent and Mr. Taylor. The evidence shows that the two boys worked on the fence, but for a very short time, and that their work amounted to very little. As to the amount of \$100.00 paid on account of the fence in January, the minority are of the opinion that this was a part of the total price of \$25.00 for which the fence was to be built; that the fence was started in January, and that it was paid for in January, and that the first collected or paid on account of the fence that Preston Austin was paid the amount of \$5, testified by him.

In conclusion, the minority would state, with reference to the charge made by the majority, that the majority were actually at the farm, that whether said inmates were actually at the almshouse or at the farm or residence of the superintendent, they were directly under the charge of the superintendent in any case, he feeding and making no complaint of the treatment received in any case. The city, therefore, has not suffered in any respect, nor does the city have any cause of action against the superintendent, who has not worked any of the inmates at the farm, or that they received any compensation from him for any work done there, and that the majority have no objection raised by any of the Almshouse Committee to any of the inmates being at the house or farm of the superintendent, and some of the committee, at least, being undoubtedly aware that some of these inmates were at the house of the superintendent (having seen them there on various visits there), the minority are of the opinion that the superintendent should be reinstated in his position, and as well as for those actually at the almshouse all the time. All of which is respectfully submitted.

W. B. FREEMAN, Adjutant.

DR. TAYLOR IS THROWN FROM HIS BUGGY

Well Known Physician Has Painful Experience in Runaway.

Serious injuries were received by Dr. Taylor, of 502 East Grace Street, last evening about 7 o'clock while driving in Reservoir Park with a young lady, also of East Grace Street. An accident to the buggy in which the couple were riding, frightened the horse, causing it to run. Dr. Taylor was thrown to the ground and the reins becoming entangled in his limbs, he was dragged a hundred yards or more before he could extricate himself. The doctor's right arm and hand were lacerated by the gravel, and the blow to his head when he struck the road rendered him unconscious, for a few minutes.

Dr. Taylor was at the entrance to the park when the front axle of the buggy broke and the right wheel came off. Feeling the vehicle careening, and seeing the wheel shoot out in front of him, the animal became frightened and bolted. Before going many yards, Dr. Taylor received his fall, but the young lady clung to the seat and managed to remain in the buggy until the horse had covered several hundred yards, when she, too, was hurled from her position. Although she struck the ground with much force, she was able to arise without the aid of Parkkeeper Humphrey Calder and Special Park Officer J. J. Drexler, who having witnessed the accident, rushed to her assistance.

On being told that Dr. Taylor was not thought to be badly hurt, the lady walked to where he was lying and assisted in placing him in the carriage.

ACADEMY OF MEDICINE. Papers Read and Many Subjects Discussed Last Night.

The regular meeting of the Richmond Academy of Medicine was held in the T. P. A. rooms last night, and the two principal papers of the evening were "Bier's Passive Hyperemia," by Dr. C. R. Robins, and "Railway Surgery," by Dr. Stuart Maclean. The papers were discussed by Drs. W. W. Dunn, Mark Fessler, J. F. Bright and Dr. Douglas Vanderhoof.

After the general discussion the subject of a new place of meeting came up, but action was postponed until the next meeting. The abrogation of license for physicians, which came up in the last Legislature, also came up, but went by without definite action. There was also a discussion as to the work of the Board of Health against tuberculosis, for which two stations will be established—one for white people and the other for colored people. At the next meeting volunteers will be asked for to help in the work.

Had "Dope" on Him. Jim Martin (colored) was arrested last night by Officers Bryant, Kollam and Tucker as a vagrant and suspicious character. He was found with "dope" in his possession, and it was believed that he was selling it to negroes. He was arrested near Mayo and Franklin Streets.

Fought with Beer Bottle. Abraham Spru (colored) was arrested last night on a warrant charging him with assault on Carter Spru. Abraham took a beer bottle as his weapon, and inflicted some damage upon the physiognomy of Carter Spru.

Going to Exposition. The Committee on Grounds and Buildings last night decided to go down in about ten days to the Jamestown Exposition Grounds and inspect the Richmond Building. The trip will be made by the Old Dominion boat.

Will Leave July 1st. The resignation of Dr. C. S. Gardner, pastor of the Grace Street Baptist Church, which has been accepted with much regret by that congregation, will not become effective until July 1st instead of June 1st, as erroneously announced by another paper.

Lewis Reed to Jail. Lewis Reed was found guilty yesterday morning of the charge of holding down last night a warrant charging him with assault on Carter Spru. He was sentenced to serve twelve months in jail. He went without appeal.

Everybody

Living in Richmond recognizes the superiority of our Merchandise, and we want every stranger in Richmond to pay us a visit so as to become familiar with the foremost stock of Men's and Boys' clothing—furnishing goods—and hats in the city.

To wear a Gans-Rady garment means that you are dressed in the best.

Gans-Rady Company

of friends who happened to be passing. Both were taken to their homes in the carriage.

That the lady was not severely injured, and indeed not killed, is due to the action of Messrs. Calder and Drexler, who ran to the head of the horse and brought him to a temporary stop. Just at this moment the lady was seated, and as the men ran to pick her up, the animal became disoriented and started on a circuit of the road leading around the lake. He was finally captured and taken into Idlewood Park.

Mr. Drexler found a watch fob and a piece of a ring belonging to Dr. Taylor, and the lady's watch.

Personals and Briefs. Mrs. L. M. Moore, of Chase City, is the guest of Mr. and Mrs. Charles Gibbs, of Semmes Avenue.

Rev. Father Coleman, pastor of the Sacred Heart Church, who has been holding a mission in Charlotte county, has returned to the city.

Dr. J. C. Walton, of the Mecklenburg, Chase City, was the guest of Mr. W. J. Carter yesterday.

Miss Octavia Goode and Mr. Harvey Goode, who have been visiting their aunt, Mrs. F. L. Goode, have returned to Powhatan county. Both of them have been attending college in Richmond during the past season.

Mr. D. L. Pulliam, in response to a request of the London Times, has written a brief sketch of Manchester, its manufacturing and financial interests, which will appear in the Encyclopedia Britannica.

Mrs. Ella P. Atkinson, wife of former Commonwealth's Attorney Atkinson, of Manchester, but of Powhatan county now, is the guest of Mrs. H. E. DuVal, of Fort Street.

Superintendent Pulliam, of the Manchester schools, last night delivered an address before the Chester High School.

The Manchester post-office will be closed on Thursday, May 30th, this being a national holiday. The office will be open from 7 to 11 A. M. There will be one delivery and one collection on that day.

POLICE FORCE MAKES FINE APPEARANCE AT REGULAR SPRING INSPECTION

THE MOUNTED POLICE. (Photo by Star Photographer.)

The regular inspection of the police force of Richmond was held yesterday afternoon on the streets around the City Hall, about which the squads of the two stations marched before the eyes of watching hundreds.

Each squad marched down from its station on the Broad Street side of the City Hall, the cavalry detachment and the bicycle detachment heading the squad from the First Station. The men presented a very fine appearance, the mounted squad looking especially well. Every man in summer uniform and light helmet, both the afternoon was rather cool for the lighter garments.

The Police Board inspected the ranks and the officers, passing critical eyes over uniforms and accoutrements. Mayor McCarthy expressed himself as being very well pleased with the appearance and equipment of the force, saying that great improvement was shown over the inspection of last year.

The Police Board was also very pleased with the result of the inspection, and the mounted squad was given a test of running down an automobile going at a higher rate of speed than that allowed by the ordinance. The machine

was put at the rate of twenty-five miles an hour, and several of the squad showed their ability by overtaking the automobile.

After the inspection the Police Board held a meeting at which only routine business was transacted.

The mounted squad is new in the police department, and it was found to be very efficient in yesterday's inspection, and the board was very much pleased with both horses and men. The squad is composed of the following men: Chief of Police Werner, Sergeant Sowell and Private Smallwood, Pennington, Kruse, Kruse, Sowell, Wright, Bradley, Tait, Andrews and Matt.

SOUTH-ATLANTIC HAS FINE RECORD

Commissioner Button After Rigid Examination, Gives Home Company Clean Bill.

The South-Atlantic Life Insurance Company has been examined by the Bureau of Insurance of the State of Virginia. The Insurance Commissioner, Colonel Joseph Button, Actuary C. G. Taylor, and various assistants employed in the course of the examination, having completed their work, the report is in the hands of the Insurance Commissioner. The president of the South-Atlantic has written to the Insurance Commissioner requesting that the report be made public.

In a letter addressed to the president and the board of directors of the South-Atlantic, Insurance Commissioner Button states that the report is most favorable in its character, and that a careful and rigid examination of the company, conducted by his department, has established the fact that the concern is sound and only thoroughly solvent, but that its management has been characterized by conservatism; that the interests of the policy-holders have been carefully guarded, and that the company is in excellent condition in every respect.

Efficiency Indorsed. Commissioner Button indorses the efficiency of the management and the board of directors in unqualified language.

After declaring that the company is solvent; that its capital stock is undiminished, and that its admitted surplus to policy-holders is considerably in excess of \$200,000, the commissioner says: "The company is managed by men whose sole idea is to protect and conserve the interests of its policy-holders."

The commissioner further states that "this company has never resorted to the use of advisory board contracts, stock propositions or other questionable schemes for selling life insurance, and while it has not made as much increase in insurance as some other young companies, its management for the last few years has been characterized by conservatism and with a view to administer the company as economically as possible."

"The appraisal of the mortgaged property shows that the company's collateral is in every case equal to and in the majority of cases more than double the amount of the principal unpaid."

The examiner closes his report by commenting upon the able and representative body of men who constitute the board of directors of the South-Atlantic Life Insurance Company, and states that the officers and the employees of the company extended to the examiner every facility and every courtesy possible for granting access to all of the records of the corporation.

Services at Camp Gordon. On Sunday by special request the local corps of the Salvation Army will hold a meeting at Camp Gordon. Special songs will be sung, and some of the leading officers of the Salvation Army in this division have been asked to be present.

Will Leave July 1st. The resignation of Dr. C. S. Gardner, pastor of the Grace Street Baptist Church, which has been accepted with much regret by that congregation, will not become effective until July 1st instead of June 1st, as erroneously announced by another paper.
